Re: Hamilton Restoration

Dear Mr. Breitenbach:

Please refer to detailed letters off input mailed to you previously (and to Terri Nevins of the Coastal Conservancy).

In summary, the plans to flood Hamilton should be weighed against the same amount of money being spent elsewhere to determine the relative benefit to the Bay Environment.

What the Bay Environment needs is more fresh water next to bay water (not a cul-de-sac of bay water over a massive block of concrete).

Sincerely,

Jeffory S. Morshead
